I hope everyone's doing well. If you're having any trouble booking in work, please get in touch with Lisa. As always, we have jobs listed here – take a look and see if anything that interests you.

If you're working at a practice who are looking for locums, please let them know about our service. The PM can contact Lisa with any vacant locum roles.

KEEPING IN TOUCH:

Would you like to join the Kernow Health GP Locums Whatsapp group – it's mainly for last minute locum shout outs in the area, and some updates. We won't spam you!

[Follow this link to join.](#)

WHO TO CONTACT:

Do you have friends or colleagues who would like to be on this mailing list? If you know anyone working as a GP locum in Cornwall, please let them know about this mailing list. To be added, they should contact me.

lisa.rowe7@nhs.net

We welcome your suggestions and feedback so please feel free to get in touch. Thanks for reading and we will be back next week with more updates.

Rhiannon Day-Thompson,
GP Locum Ambassador

Lisa Rowe,
Staff Bank Co-ordinator

A SUMMARY OF WHAT OUR STAFF BANK DOES

This mailer is delivered to you by the staff bank team at Kernow Health. Here's some clarification on our role:

WHAT WE DO:

- act as a hub where practices can post jobs
- send a weekly mailer. Staff Bank Co-ordinator, Lisa Rowe, will post updated jobs and information every Monday. If you are interested in a shift, you should email Lisa who will put you in touch with the practice or liaise with the practice on your behalf.
- offer a HR check. This can make it easier for practices to employ you e.g. with short notice. This is non-essential, and you can still book a job without a Kernow Health HR check and organise this direct with the practice instead
- provide an inclusive community of practice for locum GPs, and also for those who are interested in locum work, or simply wish to be included in a community of practice (eg new to practice GPs, International Medical Graduates)
- connect doctors for peer support, CPD, social and wellness

WHAT WE DON'T DO:

- charge any fees to locum or practice (this service is funded by NHS England)
- set or cap your rate – you discuss and agree this directly with the practice
- we don't employ you – you are self-employed as is usual for locum work and your contract is direct with the practice
