A taste of what we will cover

- Asthma: NEW NICE/BTS/SIGN guidance and how it will change our practice.
- Obesity: pharmacological management evidence and practicalities.
- Heart failure with preserved ejection fraction: spotting it and managing it.
- Adrenal insufficiency: NEW NICE guidance - hints and tips for primary care.
- Lynch syndrome: who needs referral and how can we add value in primary care?
- NICE Menopause: the headlines and managing bleeding on HRT.
- Physical health in severe mental illness: how can we tackle health inequalities?
- B12 deficiency: we demystify the new NICE guideline.
- Meningitis and meningococcal disease: we unpick the difference and why this matters in practice.

What you can expect on the day

- **Learning to suit all styles** - varied, dynamic teaching.
- **Interaction** - interact with the presenter and ask questions.
- **Flexibility** - tune into the live-hosted event and/or to re-watch on demand, at any time, for 12 months after.

What will I get

- 5 CPD hours of interactive & practice-changing online learning, with downloadable certificate.
- 12 months access to the extended on demand course.
- 12 months access to the online written resources with hundreds of articles.
- A copy of the Spring/Summer 2025 GP Update printed handbook. Available from mid March.

Online Written Resources

For even more learning than you'll find in our printed handbook, there's Red Whale Knowledge - our library of online written resources! Covering more than 96% of the RCGP curriculum - it's like an online encyclopaedia for primary care professionals.

- 900+ continuously updated resources giving you a reliable source of information to help ease cognitive overload.
- The perfect in-practice tool with super-fast search function for quick and reliable answers in consultations.
- Ready-made protocols (we call them GEMS) to standardise practice within surgeries and PCNs.
